

Inventions:

2. Edible Bugs

Here are our leftover bits of fruit and vegetables from a couple of days ago.

We found a piece of forgotten cucumber too!

And a drop of mayonnaise.

We chopped them up with a LOT of help from Captain.

We put some bits together to make a bug.

It was incredibly fiddly! 😊

Hamish just couldn't stop himself eating lots of the bug body parts...! 😊

However, we managed to save Bobby the Bug!

Here he is!

Have fun and enjoy!
