

Heads and Timeline Tails

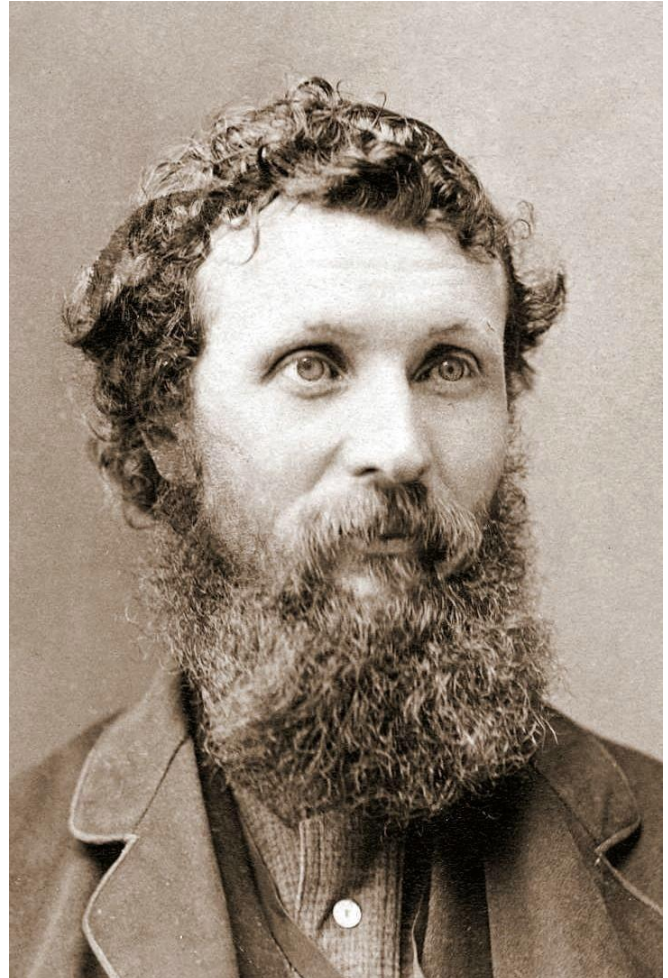

Day 1

John Muir's life on a Stick

Here are the materials you will need:

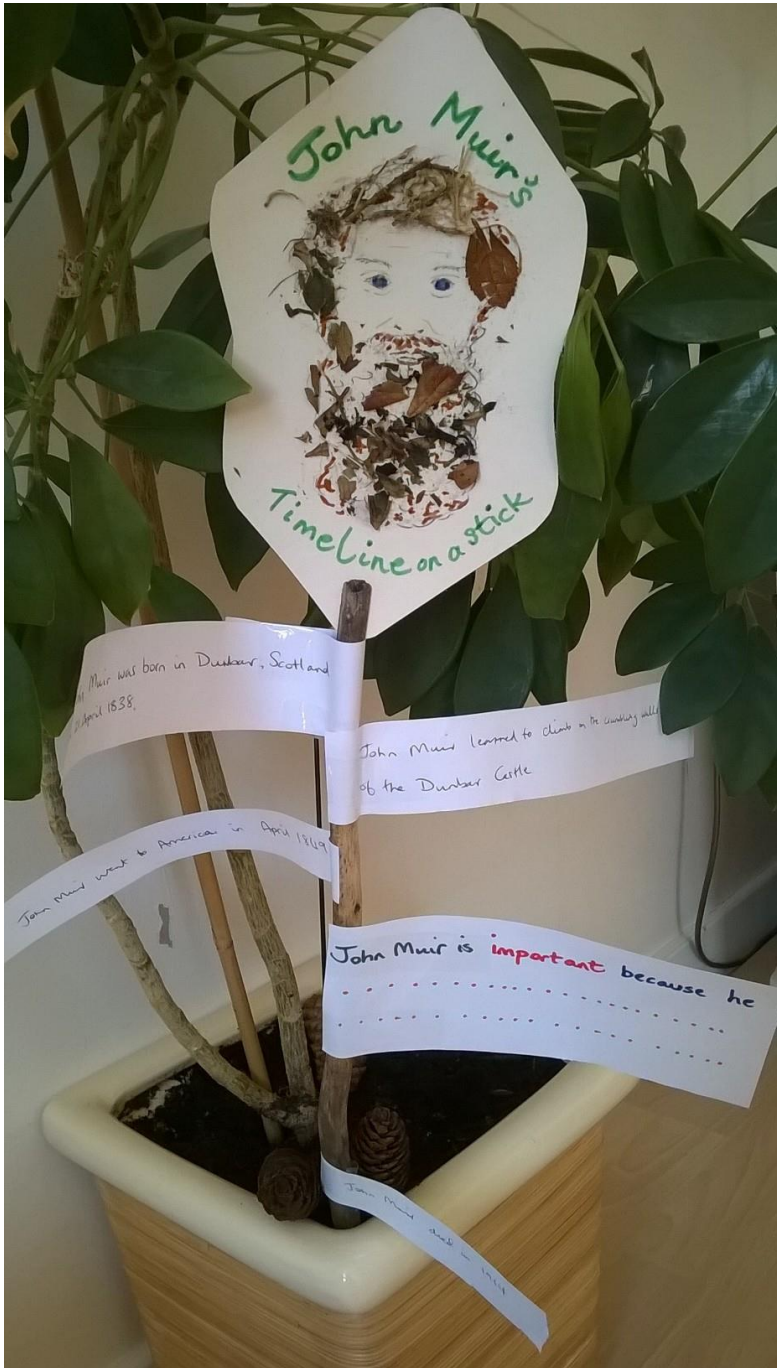

Here is a photograph of John Muir's face:

You can print off this photograph or draw your own.

We used natural materials to depict John.

We think this suits him because he loved to be in nature.

Now we need to research his life.

The game you played on Day 53 will help you.

Attach the highlights of John's life onto the stick, using sticky tape.

Perhaps you have a plant you can display your work in.

Well Done!
