

Heads and Timeline Tails

Day 3

My family member or friend's Life on a Stick.

Decide which special person to you, you'd like to find out about:-They could be, for example, a parent, grandparent, cousin, friend or even a pet.

If you're not able to meet that person at this time, perhaps you could call them on the telephone, send them an email or drop a note through their door (if they live near by). Make sure you ask a parent first.

Write down a list of the events in their life that you'd be interested in learning about.

Good work!
